

## Joel St. Aubin Bio

Joel is registered professional engineer with 32 years of State service, with over twenty years as a Supervisory Union member. Joel currently serves as the DOTPF Central Region Construction Engineer. In this capacity, he oversees a budget component of over 150 employees made up of SU, GGU and LTC members. He has taken several negotiating classes during the course of his career. Professional negotiations are a daily part of Joel's responsibilities and he has successfully negotiated hundreds of millions of dollars of professional services and construction contracts in his career.

Joel is driven by a desire to secure meaningful contract raises as well as addressing other important issues reflecting the true value of the members of the Supervisory Union to the State of Alaska.
